

DEAR COLLEAGUES,

As a land grant university, we serve the people of Illinois.

Are we fulfilling our obligation? Consider the following facts:

In 2012, 16.3% of the population of the state of Illinois was Hispanic, 14.8% was African American, and 0.6% was American Indian or Alaskan Native.

In the academic year 2012-2013, however, only 7.0% of our students at UIUC were Hispanic, a mere 5.0% African American, and only 0.16% were American Indian or Alaskan Native.

A faculty union can redirect campus priorities and give us a place at the decision-making table.

Join our campaign for collective bargaining!

Sincerely,

Harriet Murav, President

on behalf of the Campus Faculty Association (CFA) Organizing Committee
